

Handsigns, Stepping, and all those Shrieks. What's It All About?

Session Facilitator:

Sam Centellas, Sigma Lambda Beta
Executive Director, La Casa de Amistad

Description:

This session is for the well intentioned but uninformed!

It's time Panhellenic, IFC and cultural Greek members come together to dispel myths and learn about the "other" members of the Greek community. What is intake? Why do they have numbers on the back of their shirts?

And what's up with those colors, shrieks, and hand signs anyway? Come learn and ask all the questions you have been itching to. This session can be done as only for IFC/Panhellenic members or an entire community to learn about all the councils and chapters that are a part of your Greek community!

CUSTOM – this event can be customized for your campus, to include a step/stroll expo, and IFC/Panhel songs and cheers... as a way to make the education both ways.

Lecture Style

Target Audience:
